

ITAY MAZOR

SOC Analyst | Security Operations & Automation

itaymz.dev@gmail.com | github.com/ItayMz | linkedin.com/in/itay-mazor-b32086209/

PROFESSIONAL SUMMARY

SOC Analyst with hands-on experience monitoring, investigating, and responding to security incidents across enterprise MSSP environments. Experienced in threat hunting, incident triage, containment, and working with SIEM, EDR, XDR, and Microsoft Security technologies. Passionate about improving Security Operations through practical automation and building internal tools that eliminate repetitive analyst workflows.

EXPERIENCE

SOC Analyst

Trustnet | 2026 - Present

- Monitor, investigate, and respond to security incidents across multiple enterprise customers within an MSSP environment.
- Perform alert triage using correlation rules, anomaly detection, and multiple security telemetry sources.
- Execute containment actions including blocking malicious IP addresses, domains, and URLs, and isolating compromised endpoints according to organizational procedures.
- Conduct proactive threat hunting to identify Indicators of Compromise (IOCs) and suspicious activity.
- Work daily with SIEM, EDR, XDR, firewall, and email security platforms.
- Document investigations, manage incident tickets, and escalate security events according to severity and organizational procedures.

SECURITY PLATFORMS

Microsoft Defender XDR • Microsoft Sentinel • Microsoft 365 Defender • IBM QRadar • Splunk • Coralogix • SentinelOne • Trend Vision One • Cortex XDR • Cortex XSOAR • CrowdStrike Falcon

DEVELOPMENT

Python • FastAPI • React • TypeScript • JavaScript • Java • MySQL

EDUCATION

Cyber Security Practitioner

ITQ College | 2025 - 2026 | 650-hour practical program

- Enterprise networking and infrastructure (Cisco)
- Windows Server administration and Linux fundamentals
- FortiGate NGFW deployment and administration
- IBM QRadar SIEM, security monitoring, and incident analysis

Full Stack Development

John Bryce College | 2021 - 2022

Software engineering • Java • JavaScript • React • MySQL • Application architecture
